## AMENDMENT UNDER 37 C.F.R. 1.116 – EXPEDITED PROCEDURE

Serial Number: 09/896,523 Filing Date: June 29, 2001

Title: VOLTAGE-LEVEL CONVERTER

Assignee: Intel Corporation

## IN THE SPECIFICATION

Please amend the paragraph of the specification beginning on page 12 at line 14 as follows:

The first transistor 504 and the second transistor <u>506</u> [[507]] are preferably insulated-gate field-effect transistors (FETs), however the first transistor 504 and the second transistor <u>506</u> [[507]] are not limited to insulated-gate FETs. The first transistor 504 and the second transistor 506 [[507]] can be fabricated using any fabrication technology that is capable of producing transistors compatible with the static voltage-level converter 502.
